YOUR ROLE

- Design and develop technical solutions for campaigns and projects.
- Be the main contact and build strong client relationships.
- Manage the entire process from brief to final delivery.
- Plan campaigns in advance to optimize production, delivery, and costs.
- Identify and pursue upselling opportunities.

YOUR SKILLS

- Experience as a Key Account Manager, Project Manager, or similar role - ideally with design or product development responsibilities.
- A strong technical understanding and thorough material knowledge as well as understands both design processes and production flow.
- You are comfortable in SolidWorks and/or Rhino and the Adobe package at a professional high level and have strong Microsoft Excel skills.
- Master English at business level, in spoken and written, as well - Additional language skills are a definite advantage.
- Structured and excellent at keeping deadlines.
- Strong relationship-building and negotiation skills.

BONUS POINTS IF...

- You have a degree in Industrial Design, Architecture, Interior Design, Furniture Design or similar.
- You strive for excellence and quality in everything you do.
- You have a commercial mindset and can spot new opportunities.
- You can give clear instructions in a professional and kind manner while maintaining a pleasant and ambitious work environment.
- You are able and willing to occasionally take trips internationally, if need be.
